

Advanced Master Beef Producer

Congratulations to everyone that graduated from Marion County UT-TSU Extension's 2016 Advanced Master Beef Producer Program. Over the course of seven weeks these producers were bombarded with a wealth of information about beef cattle production. The seven topics covered were BQA, Genetics, Marketing & Management, Forages, Nutrition, Health, and Reproduction all taught by UT Specialists or Agents. This program was incredibly beneficial by providing these producers the opportunity to learn, ask questions, and also obtain all the educational requirements to qualify for the Tennessee Agricultural Enhancement Program. Again, congrats to all 2016 participants and if anyone is interested in participating in this program in 2017 please contact the Marion County UT-TSU Extension Office @ 423-942-2656.
