*Success - By Ralph Waldo Emerson*

*To laugh often and much;*

*To win the respect of intelligent people and the affection of children;*

*To earn the appreciation of honest critics and endure the betrayal of false friends;*

*To appreciate beauty,*

*To find the best in others,*

*To leave the world a bit better, whether by a healthy child, A garden patch or a redeemed social condition;*

*To know even one life has breathed easier because you have lived.*

*This is to have succeeded.”*
