Marion County Industrial Hemp Update

Hemp Update Meeting - 8/29/19

With the increasing interest and more than 20 people in the county registered to grow industrial hemp, a second meeting focused on updates seemed needed. That being said, on August 29th starting at 6:00 p.m., we'll meet at the Municipal Building in Kimball to discuss recent developments within the industry and present what we know concerning production & marketing. Our speakers will be UT Specialist Dr. Eric Walker, Co-Founder of the TN Hemp Industry Assoc. Clint Palmer, and TN Dept. of Agriculture's Plant Pathologist Katy Kilbourne. The full flyer can be found at the link below.

Household Hazardous Waste is defined as corrosive, flammable, toxic, or reactive materials used in your home, vehicle, garden, or lawn that are unwanted or unusable.

Now's your chance! – **IT'S FREE!**

Household Hazardous Waste (HHW) Collection

I'd be willing to bet that most everyone reading this newsletter has an old bottle of pesticide (insecticide, herbicide, etc.), can of gas, or rusted bottle of cleaner in their garage or shop. You may have thought to yourself, "How do I get rid of this?". Well, I have you an answer! Bring it to the HHW event Oct. 19th between 8:00 a.m. and 1:00 p.m. The event will be held in the large parking lot right off the Jasper Courthouse Square. For the full flyer & list of accepted items, click the link below.
