

# FORAGE FIELD DAY

Availability and quality of forage is of high importance to all producers in Middle Tennessee. Pastures and hay production serve as the primary forage consumption by livestock. This field day will focus on practices that will help you and your livestock to get ready for winter feeding.

## Scheduled Topics:

**Stockpiled Tall Fescue**  
**Seeding Cool Season Grasses**  
**Drill Calibration**  
**Fence Line Feeders**  
**Reseeding and Chemical Options for Hay Feeding Areas**

## Date:

September 5, 2019 at 4:00 p.m.

## Location:

Middle TN Research and Education Center  
at Lewisburg  
1070 New Lake Road Lewisburg, TN  
37091

To aid in meal planning,  
please register by:  
August 30, 2019

*Meal will be served.*
