

TENNESSEE EXTENSION MASTER GARDENER PROGRAM Request for Reactivation or Reinstatement

Reactivation Policy

Reactivation applies to previously certified active EMG volunteers who wish to return from Leave of Absence status. They must have turned in the Leave of Absence Form prior to cessation of active volunteer service. To be reactivated, the Reactivation form and signed EMG volunteer MOA must be submitted to the TEMG county coordinator. Then a minimum of 25 volunteer service hours and 8 continuing education hours (some groups may require more) as well as payment of local association membership dues (if required) must be completed within one year for the volunteer to regain Certified Active Extension Master Gardener status.

Reinstatement Policy

Reinstatement applies to previously certified active EMG volunteers who wish to return to the program but did not take a Leave of Absence. To request to be reinstated, the Reinstatement form and signed EMG volunteer MOA must be submitted to the TEMG county coordinator. The reinstatement request must be approved by the county coordinator and the local EMG association. If approved and it has been 5 or more years since the volunteer was a Certified Active EMG volunteer, then auditing the intern class will be required. Following approval and auditing (if necessary), a minimum of 25 volunteer service hours and 8 continuing education hours (some groups may require more) as well as payment of local association membership dues (if required) must be completed within one year for the volunteer to regain Certified Active Extension Master Gardener status.

(some groups may require more) as well as payment of year for the volunteer to regain Certified Active Extensi	local association membership dues (if required) must be con Master Gardener status.	ompleted within one
