

Clover Bowl information.

The purpose of the Clover Bowl is to acquaint 4-H members with themselves and their surroundings through participating in an enjoyable and educational program. In addition to this main purpose, it is hoped that this program will help participants develop leadership, teamwork and communication skills.

Teams will need to study Clover Bowl questions from these areas 4-H, Tennessee (History, Geography, and Government), Agriculture and Environment, and Family and Consumer Sciences. Questions can be found on the website listed below.

<http://uteasternregion.org/4h/Cloverbowl/2014>

**4th graders only responsible for 4th grade questions*

**5th graders are responsible for 5th & 4th grade questions*

**6th graders are responsible for 6th, 5th & 4th grade questions*

**7th graders are responsible for 7th, 6th, 5th, & 4th grade questions*

**8th graders are responsible for 8th, 7th, 6th, 5th, & 4th grade questions*

Teacher's will assemble their teams and give study information. Tips: Teams should try to get a coach to help you with studying. Each grade level will choose one (1) team to send to the county event on April 10th at McMinn County High. Teams can schedule 1 hour practice session at the 4H office to work with the game buzzers, **but only with adult supervision.**

A team will consist of four (4) 4-H members from the county, who fall into that particular grade division. At the Region Contest, a team with only three members will be allowed to compete. However, this team will do so realizing they are at a natural disadvantage to a team with four members. No team can compete at the Region Contest with less than three members! **NO EXCEPTIONS!**
