ADVENTURES

The Falls are Calling!

This is no simple walk in the park! Our most challenging adventure is a hike to the beautiful Margarette Falls.

Presidents and Vintage Cars

Learn from the past during this tour of the Andrew Johnson Historical Site and Greeneville's own City Car Garage for a look at some really cool cars from 'back in the day.'

Green Water Excitement!

Challenge your paddling skills as you canoe down the Nolichucky River. Not a lot of white water but a whole lot of excitement!

Jurassic Camp!

NEW

Take a trip to an actual Fossil "Dig" site and learn more about fossils and Paleontology. We are pretty sure all of these dinosaurs are dead... but you never know...

Movie Matinee

NEW

In the old days a Movie Matinee was the height of entertainment. Step back in time as we visit the Classic Capitol Theater in downtown Greeneville for a vintage movie showing.

HANDS-ON WORKSHOPS

AWESOME

Aquatics- Explore the creatures of the "abyss"! Experience what goes on in the water in swamp and lake areas.

Cooking with Fire and Iron- What would you do if there was no electricity and your family ran out of tater chips? While you are waiting for the x-box to start working again, why not cook a meal or snack in the back yard? Learn how to use Fire and Iron to cook snacks or a complete meal for your family.

Electing a President- America is unique in the world in how it actually elects a president. In this workshop, we will answer questions you have about that process and even have a mock presidential election!

Escape the Clyde- Can you solve the mystery and escape the revolt that is bound to happen? Your team will have an hour to get out before it is too late or you will be doomed forever. May the odds be ever in your favor!

Extreme Fishing- This is not just a day for fishing! Learn the art of tying knots and selecting and using different lures. Experience the art of casting and try it yourself!

Geo-Caching- Take nothing but a handheld GPS unit on a geo-caching adventure! This is one of the great tribal Challenges, and your tribe is depending on you to find the treasure!

Hot Air Ballooning- Soar high into the sky! In this class you get to construct a Hot Air Balloon as big as you!! Watch it fill with air and see how high your team's design will fly!

Professor JR- Albert Einstein had nothing on Professor JR! If you have an interest in physics, a thirst for science, or just simply want to see a ping pong ball travel 300 mph, you will love this workshop!

Photography- Does photography spike your interest? Look no further, this class is all about photography! Join this class where a professional photographer will lead you in becoming a professional yourself!

Rockets' Red Glare- Build a rocket with minimal supplies and watch as it attempts to break the "Clyde-o-Sphere"! Your tribe needs a super rocket to win the tribal challenge.

Sew Much Fun!- Do you love to sew? If "sew", this is the class for you! It does not matter whether you are a skilled sewer, or a sewing novice, this class is sure to be enjoyable. Complete a fun take home project where you will be able to learn why sewing is "Sew Much Fun!"

Wild Thang- Identify animals in the wild! Which ones are beneficial and which are dangerous? Take a walk on the "Wild Side".

Check this one out! ↓ ↓ ↓

Video Product-O – This is a special workshop that will last all week! 4-H'ers will video activities at camp during the week and on Thursday will edit their material into a great camp video to be shown on last day!
