## Master Beef Producer

### Program Topics

**Production Economics:** Manage the cost of production through budgeting and purchasing, making the most out of each dollar.

**Genetics:** Combine time-tested genetic selection with cutting edge tools that ensure choosing sires and dams to produce calves that fit your environment and marketing objectives.

**Forages:** Make the most out of your forage resources to reduce the need for supplemental feeds.

**Nutrition:** Discuss the most efficient and cost-effective ways to maintain cattle performance and health.

**Reproduction:** Improve profitability by enhancing reproductive performance.

**Health:** Control diseases by maintaining health and vigor with a herd management protocol.

**BQA Training:** Address current industry trends and issues affecting the beef cattle producer.

**Tuesday nights**

**January 15 - March 12, 2019; 5:30-8:30 p.m.**

**Ag Center & Fairgrounds Evensville, TN**

Please complete and return form with payment of \$50.00 by **January 4, 2019**.

**Remit to:** UT Extension/Rhea County  
125 Court Street, Unit 3  
Dayton, TN 37321  
(423) 775-7807

# Benefits

- The sessions provide opportunities to gain knowledge with hands-on experience in current beef cattle management practices that are important to the profitability and sustainability of the industry.
- Networking with other producers, Extension specialists, researchers, and industry representatives.
- Participants will be provided with reference materials beneficial to enhancing their beef cattle operations beyond what is covered in the training sessions.
- Partially fulfills requirements to qualify for the Tennessee Agricultural Enhancement Cost Share Program (BQA and premises ID also required).  
TAEP online: [tn.gov/agriculture/enhancement](http://tn.gov/agriculture/enhancement)
- Program graduates receive the following for participating: fence sign, cap, and certificate.
