What you need to know...NOW!
Friends to enjoy...FOREVER!

Programs in agriculture and natural resources, 4-H youth development, family and consumer sciences, and resource development are available, United States Department of Agriculture and county governments cooperating. UT Extension provides equal opportunities in programs and employment.
**WHAT IS FCE?**

**Since 1936,** a network of friends in communities across the state has shared this common goal:

*To educate individuals and community members for the improvement of family and our society.*

Welcome to our network of women and men Taking a stand for families... Who are determined to change their communities For the better... Who are enriching their own lives... And who are empowering others... To reach for the same dreams.

Through our rich history, we have grown from small community clubs to a worldwide network focused on growth through education. You may recognize some of our earlier names: Extension Homemakers and Home Demonstration Clubs.

**COME... JOIN US!**

**TO LEARN**

Ever wonder if things you read are true? FCE provides research-based information through the University of Tennessee Extension program. Experience learning with friends as you share what you like at hands-on workshops and meetings.

Topics like:
- Human Development
- Nutrition & Food Safety
- Family Economics
- Health & Safety

**TO LEAD**

Leadership development is a focus for FCE. Through shared opportunities, you can learn skills helpful in bringing growth to your community, church, local government, and family.

FCE offers learning opportunities as officers, program leaders, and service stewards. Together we build better lives for individuals, families, and communities.

**TO GROW & SHARE**

Each year FCE provides the opportunity to make a difference in the lives of families in your community. With a nationwide network, each club can find a way to serve its community.

**TO HAVE FUN!**

Laughter and friendship can be found in every FCE Club. FCE camp, day trips, regional, state, and national conferences provide opportunities to visit new places and enjoy time with friends.

Find something you care about. Then live a life that shows it.
