Quality of Life Impacts

- 800 acres of tobacco produced using recommended fertility practices indicated in soil test results.
- 215 consumers learned how to properly take a soil test and interpret the results.
- 203 home lawn soil samples submitted for testing.
- 115 Master Gardeners gained knowledge and confidence in ornamentals, soils and plant diseases.
- 74,853 miles were walked in the Walk Across Tennessee program.
- 748 youth now have a sense of pride about their school and community due to their 4-H citizenship project.
- 1,066 youth planned to change their career goals, and 1,507 planned to get more education after high school.

Economic Statement

The most recent economic assessment demonstrated that UT Extension programs produce $487 million in economic activity. For every $1 in public funds invested in UT Extension programs, an estimated $9.81 is returned to the people of Tennessee in increased revenue, increased savings, and one-time capital purchases. It is estimated that more than 6,800 jobs were created or maintained last year as a result of UT Extension programs.
