

## Livestock Waste Management and Conservation

### Annual Report (Class I & II – Large and Medium CAFOs)

Tennessee CAFO Factsheet #12

*Kristy M. Hill, Extension Dairy Specialist  
Animal Science Department*

All CAFOs must submit an annual report to TDEC and TDA between January 1 and February 15 that includes:

1. The number and type of animals on site whether in open confinement or housed under roof,
2. Estimated amount of total manure, litter and process wastewater generated by the CAFO in the previous calendar year (tons/gallons),
3. Estimated amount of total manure, litter and process wastewater transferred to a third party by the CAFO in the previous calendar year (tons/gallons),
4. Total number of acres for land application covered by the nutrient management plan,
5. Total number of acres under control of the CAFO that were used for land application of manure, litter and process wastewater in the previous calendar year,
6. A summary of all manure, litter and process wastewater discharges to waters of the state from the production area that occurred in the previous calendar year, including date, time and approximate volume, and
7. A statement indicating whether the current version of the CAFO's nutrient management plan was developed or approved by a certified nutrient management planner.
